Cash Flow & Runway					
(\$000s)	Year 1	Year 2	Year 3	Year 4	Year 5
Beginning cash	50	1,115	2,271	6,099	15,544
Capital raised (pre-seed)	800	0	0	0	0
Net income	265	1,156	3,828	9,445	19,790
Ending cash	1,115	2,271	6,099	15,544	35,334

Cash-flow positive in Year 1; the pre-seed round is acceleration capital, not survival capital. \$850K is available at the start (cash + raise) against ~\$1.3M of Year-1 gross opex, funding hiring ahead of the revenue the plan assumes.

Capitalization, Use of Funds & Valuation					
Round terms		Use of funds (\$800K / 18 mo)		Year-5 implied valuation	
Pre-seed raise	\$800,000	Founder compensation (18 mo)	\$165,000	Year-5 recurring ARR	\$20.0M
Pre-money valuation	\$7,200,000	Hire 1 - Sr. Backend Eng (15 mo)	\$175,000	ARR multiple - low (5x)	\$99.9M
Post-money valuation	\$8,000,000	Hire 2 - Sr. Frontend Eng (12 mo)	\$145,000	ARR multiple - high (8x)	\$159.8M
Base equity issued	10.0%	Hire 3 - Sales/BD (base only)	\$65,000	Year-5 revenue	\$23.8M
Founder ownership (base)	90.0%	Infrastructure & tooling	\$35,000	Revenue multiple - low (3x)	\$71.4M
Performance warrants (max)	5.0%	Legal, IP & SOC 2 prep	\$30,000	Revenue multiple - high (5x)	\$118.9M
Founder floor (fully warranted)	85.0%	SOC 2 Type I audit	\$25,000	Conservative range	\$100M - \$160M
		Sales & marketing	\$70,000		
		Service delivery (Rat/Rag)	\$30,000		
		Operating reserve	\$60,000		
		Total	\$800,000		

Sales/BD commission is funded from sales revenue, not from the raise. Basis: current canonical Yggdrasil pricing (\$100K + \$17.5K x Footprint Score, compliance multiplier, \$55K pilot). A fully formula-driven Excel version accompanies this document.
